

PHYSICIAN PARTNERSHIPS. PATIENT CARE. LAKESIDE'S TRANSFORMATION.

Lakeside MRI & Diagnostic Health wants to be your imaging partner.

Lakeside MRI & Diagnostic Health is a privately-owned, multi-modality radiology center in Webster, Texas. For 20 years, we have served our Clear Lake community, providing MRI, CT, Ultrasound and X-Ray services with a high quality of patient care.

In early 2020, Lakeside MRI decided to take our business to the next level.

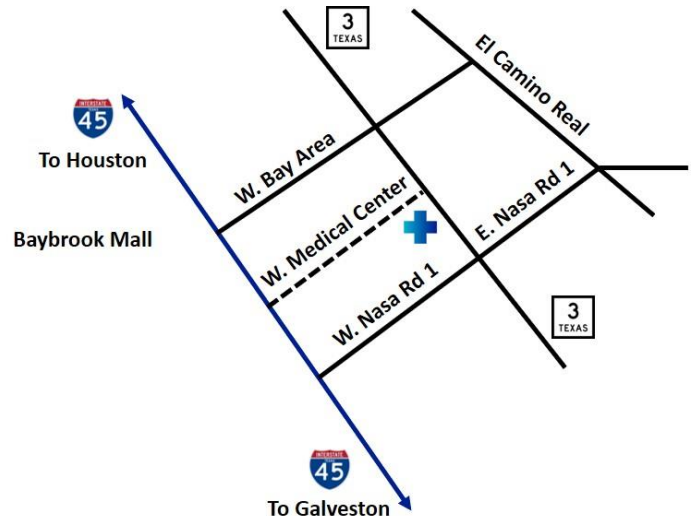

We listened to what our doctors said they wanted and studied what patients said they needed. We brought in new leadership, new talent, rebranded our company, refreshed our facility, and started the upgrade of our technology. With some of the best, most dedicated already on staff, we enthusiastically **recommitted** ourselves to providing the highest quality patient care and seamless service through our top-notch physician partnerships.

WELCOME TO THE NEW LAKESIDE MRI & DIAGNOSTIC HEALTH.

With you in mind, Lakeside provides your patients these high-quality imaging services, that make countless procedures possible...

-  MRI – High-Field and Open
-  MRA
-  MRV
-  CT
-  CTA
-  CT Screening Studies
-  Arthrogram
-  Ultrasound
-  X-Ray

...At our flagship facility located at 17360 Hwy 3, between W. Nasa Rd 1 and W. Bay Area, in Webster 77598.

Stay tuned through www.lakesidemri.com and follow us on social media to learn more about our growth as we expand our services and locations to best serve your patients.
